Precautions and Reminders for Re-Opening

In an effort to support national efforts to fight the Covid-19 pandemic, our dental team at Alamo Kids Pediatric Dentistry & Orthodontics is taking the following steps to help assure your health and well-being and that of our community:

- We are following directives from the Centers for Disease Control and Prevention (CDC) as a way to limit patient and staff exposure to this virus.
- We are following the Texas Dental Association (TDA) guidelines and office protocols which are designed to protect patients, dentists, and the members of the dental team.
- Staff members are required to wear proper personal protective equipment (PPE) and are screened for Covid-19 symptoms prior to each shift.
- Patients (over 10 years old) and their accompanying parent/guardian are required to wear cloth face masks/coverings.
- Patients will be pre-screened for Covid-19 symptoms/exposure. If the patient or any family members are experiencing any symptoms or have been exposed to Covid-19, we are rescheduling their appointments to a safer date. If the patient is having a dental emergency, our office will refer the patient to a clinic that can accommodate the patient's needs.
- We have closed our reception area and are offering curbside check-in.
- Upon entering our office we will verify your mask, take your temperature and ask you to use hand sanitizer. One of our staff members will guide you along the way.
- We are limiting the number of people in our office by only allowing the patient(s) being seen and one accompanying parent/guardian.

These steps and guidelines are to ensure the safety of our patients as well as our team members. We apologize for any inconveniences this may cause. If you have any questions or concerns please call our office at (210)951-0046 and a team member will gladly assist you.

We truly appreciate your understanding during these unprecedented circumstances and wish everyone excellent health and safety throughout these times and always!
